If you want to watch this movie, it is available on the following platforms: Amazon Prime, Apple TV, YouTube. I will not go into the details of the film, because everyone knows it and everyone has watched it. Let me just say that he is great. I don't know what I missed in previous films, but here I got what I was looking for. First of all, it is, of course, the cast. The actors in the film are perfect. They play the way actors should play. Plot. Nothing special from the film, but it turned out great. Everything you remember from the previous part is repeated here with slight deviations.
