**Virtual Dj System Unstable Because Of Crack Installed HOT!**

---

Forum: VirtualDJ Technical Support . Hello friends. I had a hacked vdj installed a long time ago but it doesn't work so I uninstalled it. I am currently trying to install a new version of vdj but cannot find a solution to this problem. I have a laptop with no cd drive or usb stick. how can i install vdj? I don't even have internet access. I would like it to look like my PC/laptop with internet connectivity. I want to install a pirated version. Is there any guide for installing vdj?
