Not only in our project, but also on all other platforms. Some people say it was resolved at the end of 2017. But I can tell you that this issue was only resolved on December 28, 2018. And then, on January 15 of this year, a new petition was created. And on March 15, this issue was discussed, and it was decided that it will be stored in our database until it is resolved. This is not just a petition.
