How do I include an additional section of Razor Page content in MVC? For example, the first line of my Razor Page may look like this: @model DateTime? @using DateTime? @{ DateTime? Today = DateTime.Today; } @if (Today.HasValue) { The Today Info } I want the second line where I reference "DateTime?" to be a dynamic block of code in the actual Razor Page content. So, if I were to want to add another date, like in the following code snippet, how would I do this? @model DateTime? @using

Sclerosing perineurioma of the perineum: a case report and review of literature. We report a case of sclerosing perineurioma in a 69-year-old man presenting with a painful, polypoid lesion on the perineum for 12 years. The histology was distinct from that of perineal schwannoma, sclerosing perineal adenoma, and perineal varicosities. Because the histological features are distinct from other perineal tumors, sclerosing perineurioma should be considered in the differential diagnosis of perineal tumors. As a benign lesion without malignant potential, complete resection is considered the best approach. Big Tyler began his daily life as a 6-pound, 23-ounce baby boy, staring up in wonder at a world that had not yet been born. Not surprisingly, he didn't make the cut. A few weeks later, he was a 4-pound, 9-ounce half-sibling for his brother, Little Tyler. Six weeks after that, he was a 3-pound, 5-ounce baby brother to his sister, Lucky Tyler. And so it continued. On birthdays, when he was 6 and his father was still a teenager, Little Tyler would be invited to dinner at the home of his parents. As he grew older, those invitations grew more frequent and extended to multiple nights. Some nights, Little Tyler would get to go out with his big brother, but other nights he was locked away in his bedroom with his parents in their bed, as they provided a sense of security for Little Tyler. On one of those nights, seven years ago, after dinner, Little Tyler was given the job of taking care of his baby brother. He was so nervous that he didn't know where to start. With a notepad in front of him, he listed everything he would need to accomplish if he were to care for Big Tyler. "Scissors, bib, bucket, carrier, cream, rubber gloves, diapers, wipes, little ones," he wrote. Little Tyler spent the next six hours with Big Tyler in his crib. As he cleaned him up, his dad asked him if he was thinking about becoming a doctor. Little Tyler admitted he wasn't, but that he was learning CPR and First Aid and helping his dad in the corner of the garage. From the very young age she always wanted to be a model, and her dream is to be the next Gisela Bundchen. Just a month ago she studied in Moda UMK, an up-market fashion school in Milan. In that school she's getting a well-rounded fashion education, among all others it's a course on modeling, so her introduction to the business world starts right now. A little while ago, I was researching about a
