All the great new features in AutoCAD 2012 are present in AutoCAD 2012 Design Premium. Upgraded and Enhanced Graphic Environment AutoCAD is now more friendly and easier to use than ever, especially with a tablet device. The entire user experience is now simple and direct, no matter how complex the drawing is. With the new user interface, it is easier to access all the tools and views you need. You get the best drawing experience ever with a ribbon toolbar and multiple, interactive tool palettes. The Graphic Environment palette is now at the top of the ribbon. It includes the drawing views, layers, tools, and palettes. The workflow palette provides an efficient way to manage your drawing. The ribbon and toolbar are even more visible and easier to use than ever. The Graphic Environment contains the following features that can be accessed by pressing the F2 key: - Changes the "global" user preferences to apply to the currently active drawing or open drawings - Switch to the Graphic Environment palette to modify drawing view and settings - Switch to the Tools palette to modify the active tool - Switch to the Palettes palette to modify the palettes available in the current drawing - Close the Graphic Environment palette to return to the ribbon - Close the Drawing window to go back to the home or toolbars High Resolution AutoCAD 2012 brings the best AutoCAD ever created and a new high resolution to the table. Each drawing now has its own resolution of 1 million points. The default unit of measurement is now in points, not in inches, which is the most common unit of measurement in AutoCAD. With the new resolution, AutoCAD can fit and visualize drawings containing more details, regardless of the version of AutoCAD you are using. And even though the new resolution is much more detailed, drawing speed is not affected. AutoCAD Programming The new features in AutoCAD
