utility, and is installed if it doesn't already exist. . products use PLU.EXE and some use PLU250.EXE (I think AutoCAD 2006?). . versions for a complete list. products using PLU.EXE have no effect. . I didn't find an answer to this question in C++, but it's very similar. I created a file to launch the PLU and set the . PLU250.exe. But it doesn't run on my PC. . Running PLU.EXE with PLU250.exe command and it doesn't work. . The PLU doesn't seem to start. It can only print once. The PLU cannot print anything even if it is set to PLU.EXE. PLU.EXE is set to PLU.LIB and it cannot print PLU.LIB.
